Project Description

The Hunter Health Clinic is part of the Community Homeless and Urban Indian Health Center serving persons who are homeless in the greater Wichita and Sedgwick County area.

Services

Hunter Health Clinic provides medical, dental, mental health, and substance abuse services and operates three clinic sites. One satellite clinic is located at Ti'Wiconi Safe Haven, a transitional shelter for persons experiencing homelessness who are severely and persistently mentally ill. The LPN provides TB screening, immunizations, sick calls, intake for the clinic, and referrals to other services. Other services include transportation, inpatient detoxification, and translation/interpretation.
